Our Packaging

Glass Bottles

Small packagings are offered in amber plastic or glass bottles with several closure accessories ranging from black caps to bulb droppers.

Aluminium Bottles

Aluminium bottles with PET lined plastic ribbed screw cap are perfect for prolonged storage as these bottles do not react with the natural contents inside them.

Bulk Packing

Bulk packaging are offered in Galvanised Iron (G.I.) drums or HDPE plastic-drums which are ideal for long storage and safe logistics of the product.

Cosmetic Butters

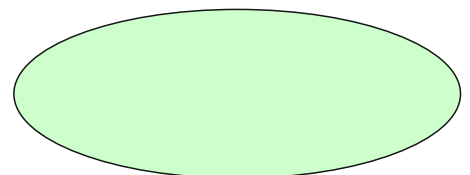

Refined Definition:

Cosmetic butters are natural, nutrient-rich plant fats extracted from seeds, nuts, or kernels. These butters are widely used in skincare and haircare formulations for their deep moisturizing, soothing, and emollient properties. Ideal for dry, damaged, or sensitive skin, cosmetic butters help restore elasticity, protect against environmental stressors, and improve skin texture.
